Sir,

Sub:- Appointment of Engineer in Bellary Cooperative Building Society.

Transferred to R&S.

I submitted a memorandum to you, Sir, in the month of December 1949 pointing out the dearth of Engineers for Co-operative Building Societies and offering my services to any Society as needs an Engineer. I receive a communication from the Registrar of Co-operative Societies Madras in January 1950 stating that my memorandum to you has been forwarded to him and he has kindly intimated to me that I could contact the Deputy Registrars of Eluru and Bellary who would recommend me to any of the Societies as needs an Engineer.

Learning that the Bellary Co-operative Building Society needs an Engineer I wrote a rejoinder to the Deputy Registrar of Bellary referring his to the Registrar's communication and asking him to let me know if the Bellary Co-operative Building Society contemplates engaging the services of Engineer and the terms they are prepared to offer me. I have assured that I would consider favourably any proposal they would make.

The Deputy Registrar has I learn, recommended my name to the Society. The Society's action towards me is pending and I have not received any communication stating the terms they are prepared to offer me.

Meanwhile the Society has Chosen to appoint another Engineer. It would like to know the validity of this appointment in Government's eye when the Society has yet to dispose of the case of a candidate recommended by the Government and when they have yet to offer him their terms.

Looking to your elicitation in the matter,

I am
Yours faithfully
B C Balasubramanyam
